The essentials for a healthy roofing system.

It takes more than just shingles to create a high-performance roof. It requires a system of products working together. Owens Corning™ Roofing Essentials Accessory Products work with our shingles to produce a roofing system that helps provide maximum durability for a new roof — and the most comfort, enjoyment and protection for those who live beneath it.

Duration® Premium Shingles with SureNail® Technology

Home sweet home.

It’s the place where you want to feel the most comfortable. Safe. Protected. But no matter how much you love your house, it seems the work is never completely done. And if purchasing a new roof is on your to-do list, it may seem like a daunting task.

But you don’t have to worry about it anymore. We’re here to help.

You can feel confident about choosing Owens Corning® Roofing products — Owens Corning has been a recognized leader in the building materials industry for over 70 years. We’ve made homes more comfortable, beautiful and durable. And it’s likely you’ve invited our mascot, The Pink Panther™, into your home already — our building products and famous PINK® Insulation have been used in millions of homes across the country.

Owens Corning Roofing and your contractor have made this a positive experience — an opportunity, really. This is your chance to choose a roof that not only has outstanding performance, but also has exceptional beauty. One that can transform the look of your entire home. So for years to come, you’ll feel great every time you pull in the driveway.

Duration® Premium Shingles

Duration® Premium Shingles with patented SureNail® Technology have it all — bold, thick, dimensional appearance with impressive durability. These beautiful shingles are designed for long-lasting performance and carry a Limited Lifetime Warranty* for as long as you own your home, a 130-MPH Wind Resistance Limited Warranty† and an Algae Resistance Limited Warranty* available on a regional basis.

The SureNail® Difference — a technological breakthrough in roofing. The innovative features of Owens Corning® Duration® Premium Shingles with patented SureNail® Technology offer the following:

**Breakthrough Design**
Featuring a tough, woven engineered reinforcing fabric to deliver consistent fastening during installation.

**Triple Layer Protection™**
A unique “triple layer” of reinforcement occurs when the fabric overlaps the common bond of the shingle laminate layers that offers excellent fasterener holding power.

**Superior Adhesion**
Our enhanced Tru Bond™ sealant grips tightly to the engineered fabric nailing strip on the shingle below.

**Excellent Adhesive Power**
Specially formulated, wide adhesive bands help keep shingle layers laminated together.

**Exceptional Wind Resistance**
The industry’s first asphalt roofing shingle engineered to deliver 130-MPH wind warranty* performance with only 4 nails. 33% fewer nails are required for maximum warranty protection, which can mean fewer deck penetrations.
