

STRUCTURAL INSULATED PANELS

*Energy-Efficient Wall & Roof Systems
for Residential & Commercial Projects*

**THE LARGEST SUPPLIER
OF XPS SIPs**

**Energy Efficient Solutions
for all Building Types.**

- Timber Frames
- Steel Frames
- Log Homes
- Structural Panel Building

Foard Panel and Owens Corning
working together to ensure
the highest quality.

INNOVATIONS FOR LIVING®

What is a Foard SIP?

Structural Insulated Panels (SIPs) are engineered wall and roof systems that consist of foam core insulation sandwiched between two pieces of OSB (oriented strand board).

XPS Saves Energy

Extruded Polystyrene (XPS)
provides an outstanding R-5 per inch

- Obtain a high R-value with a thinner wall
- Receive a 20-year thermal performance warranty
- Use smaller heating and cooling systems
- Qualify for multiple LEED points
- Qualify for ENERGY STAR® certification

Additional Benefits of PINK XPS

- Superior Flexural strength
- Up to 15% pre-consumer recycled content
- Easy to work with
- GREENGUARD certified
